TIMED SESSIONS: Depending upon the circumstances, the Chief Steward may direct the clock to continue to run during a black flag ALL in a timed session.

START/FINISH: During Practice / Warm-Up sessions, competitors will receive the checkered flag at Corner 6 and pit immediately. The race will begin and end at the stripe in front of Timing and Scoring.

EVENT SCHEDULE / RUN GROUPS: If changes are made prior to the start of the event, as much notice as possible will be given to all affected competitors. The schedule as published is for planning purposes only. Actual session start times may deviate from the published schedule based on event circumstances. Please listen to the PA system or tune to 88.7 FM and pay attention to what is happening on track. Start times indicated in schedule are when cars are scheduled to be released from grid onto the track.

TIMING & SCORING: If the Chief Steward allows the substitution of a car or driver, per GCR 5.12.3.A.6, any qualifying times earned for the original car / driver up to that point will be removed.

BLACK FLAG: Vehicles which are leaking/spilling fluids, including fuel, may be black flagged from any session.

GRID: If qualifying is not run for a group for any reason, the Chief Steward shall determine the method of setting the grid for the race. The fastest qualifier in a race group who selects the "outside pole" (per GCR) must notify the Grid Marshal at the front of the field **before** the five minute warning is given for that race group. Cars arriving at the grid after their group has been dispatched on track may, at the discretion of the Operating Steward, be held at pit out and released at the end of the pack after the field has completed the pace lap.

PACE/SAFETY CAR: In addition to GCR 6.6.2., the field shall follow the Pace/Safety car as long as its emergency lights are flashing, even if it varies from the normal race course. In the event a full course yellow results in dispatch of the safety car, the safety car will enter the racing surface at pit out.

RESULTS: Live timing will be available during the event. Unless otherwise announced, live timing will be available via the Race Monitor App available for iPhone and Android phones. Qualifying, provisional, and final results will be posted at Driver Information Center. Results will be available on the CenDiv website (www.scca-cendiv.org) as soon as possible after the event.

April 20-23, 2017 - Sanction #'s 17-DS-4695-S, 17-RQ-4696-S, and 17-RQ-4701-S

DISABLED CARS: Disabled or damaged cars may be removed from the course and delivered to a central location. If the car has sustained body/chassis damage, it will be released to the driver/crew after tech has made appropriate notations in the vehicle log book. Cars disabled due to a mechanical failure will be released to the driver/crew immediately. If the car requires wrecker support to return to its paddock location, there may be a delay depending upon the availability of wreckers or flat tows.

LAST LAP INDICATOR: When possible, a "1 to Go" sign and/or waving white flag will be displayed at start / finish to indicate the last lap has begun. An electronic display board may be used at the starter stand.

SOCIAL EVENT: There will be a worker/competitor party at the conclusion of activities on Friday and Saturday evening.

PADDOCK/PARKING: The main access road must remain open for emergency vehicles and two-way traffic. The apron along the main access road is available to racers to use at their discretion as long as they are considerate of fellow competitors and behind the line. Trailers and campsites, including motorhomes and lawn chairs, must be completely on the grass. Failure to follow the direction of the Paddock Marshal or her/his designate regarding paddock parking or activities may result in expulsion from the facilities.

Skateboards, roller blades and roller skates, motorized skateboards, and non-motorized scooters are prohibited.

CLOTHING: Proper credentials, closed toe shoes, and shirts with sleeves are required in pit lane, false grid, and on the grid.

PIT LANE: Cars entering the track from the pits must remain to the right of blend line until the end of that line at turn one. As the pit lane is narrow, please stop as far to the right as possible for the safety of crew and pit lane personnel. All competitors must maintain a slow, prudent speed on pit lane at all times. Use the transit lane until reaching and upon exiting your pit stall. Do not drive through other pit stalls. Tire scrubbing is permitted after the apex of corner one.

Four (4) crew members (plus the driver) are allowed over the wall to service a vehicle in pit lane, and only two (2) crew members are allowed over the wall for signaling purposes. **No crew members are allowed at the pit wall during starts and restarts.**

Please do not put any equipment in pit lane, including at the pit wall, +/- 10 feet of start / finish, as this may interfere with timing and scoring electronics.

V8 ROAD RACING SERIES (V8RRS): Certain classes that race within the Group 6 racing group are eligible for points toward the new V8RRS championship. Please see their website at www.v8rrs.com for more information.

TIRE SERVICE: Hoosier Tire Midwest, 574-936-8344, email hoosiertireply@aol.com. Vendor will be at the track if there are at least 3 preorders (12 tires) received by April 14.

GENERAL RULES: A competitor involved in contact, or who has violated flag rules (yellow, black, red, or checker), must report directly to impound in the racecar, and report to the steward. All on track body contact (including contact during drafting) that causes a car to act erratically and result in a change of position or a car leaving the course will be investigated.

Drivers may be held responsible for harm to property, including damage to the track and to the environment. Fees charged for the removal / disposal of hazardous waste or used tires will be assessed to the responsible driver.

The use of Unmanned Aircraft Systems (UAS), better known as drones, must be approved prior to the event by the division Executive Steward, host region Regional Executive, and track management. Proof of insurance must be presented prior to approval.
